September 28, 2021

Dear valued patient and/or legal guardian,

Last month, Pediatric Care of Rockville sent you a letter announcing their transition to a Johns Hopkins Community Physicians practice. **We are excited to share that the practice officially transitioned ownership on September 27, 2021.** Welcome to Johns Hopkins Medicine!

You can rest assured that you will continue to receive the same excellent, patient-centered medical care you have come to expect from your Pediatric Care of Rockville team. Here are a few reminders about the transition:

- Patient care will be provided by the **same providers** you have come to know and trust: Kathleen Hawkins, M.D., Bridget Conger, C.P.N.P., Kristen Cantor, M.D., Jill Troilo, M.D., Nicole Uliassi, M.D., Mallory Lostumbo, M.D., and Allison Gay, M.D.
- The practice will offer the **same services**: well-child care from 0 - 21 years of age, telemedicine appointments, after-hours support, onsite laboratory services, etc.
- You will visit us at the **same location**. The practice business address and phone number *have not changed*.
- While you will still have the option to see your current specialists, as a Johns Hopkins Community Physicians patient, you or your child now have access to a network of Johns Hopkins specialists.
- The practice will continue to accept most insurance plans, with the exception of Amerigroup. Johns Hopkins Medicine participates with the Priority Partners MCO. *If you are an Amerigroup member, Pediatric Care of Rockville should have contacted you regarding this change. If you are an Amerigroup member and you were not contacted regarding this change, please call us at 301-881-7995.*
- Your patient portal has transitioned to Johns Hopkins Medicine MyChart, where you will be able to send messages to your providers, directly schedule appointments, request prescription refills, review immunization history, request referrals, electronically check-in for your appointments, and more. If you are a parent or guardian, please create an account to request proxy access to your child's account, even if you yourself are not a Johns Hopkins Medicine patient. **Directions on how to create a MyChart account and request proxy access (if applicable) are included with this letter.**
- You may now visit [jhcp.org/rockvillepediatrics](http://jhcp.org/rockvillepediatrics) for the most up-to-date information regarding practice hours, providers, etc.

As a reminder, if you have questions about the transition, you can continue to email us at [admin@pediatriccareofrockville.com](mailto:admin@pediatriccareofrockville.com) or call us at **301-881-7995**. We sincerely appreciate your patience during this transition and we look forward to continuing the relationship that Pediatric Care of Rockville has with your family.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven J. Kravet".

Steven J. Kravet, M.D., M.B.A.  
President  
Johns Hopkins Community Physicians
